yekta.kjs@gmail.com

13/07/1995, Yasuj, Iran

WORKSHOPS

- 2021, Real time composition, Joao Fiaderio (Founding figure of New Portuguese Dance, internationally acclaimed choreographer)
- 2021, History of Postmodern Dance, Myrto Katsiki (PhD researcher at Paris 8, teaches at Conservatoire national supérieur de musique et de danse de Paris)
- 2019, Drawing, Negin Hassanzade
- 2019, Composition, Ali Moini (Internationally acclaimed choreographer)
- 2019, Seminar "Persia and Babylonia", Caroline Waerzeggers, Melanie Gross, Ivo Martins and Uzume Wijnsma, University of Kashan
- 2015, Mapping, Mahyar Khademi
- 2015, Photography in Archaeology, Media Rahmani
- 2014, General Photography, Amir Yazdani

Languages

- **Farsi (Persian):** Native Speaker
- **English:** level C1, C2
- **French:** Level B2, C1

PROFILE

Multilingual philosopher and researcher with expertise in aesthetic theory, cultural transmission, and interdisciplinary synthesis. Specializes in bridging Persian and Western intellectual traditions through innovative theoretical frameworks. Demonstrated ability to develop original academic concepts while maintaining practical applications across creative, commercial, and technological domains. Skilled in woodworking, digital content creation, and AI-assisted design.

WORK EXPERIENCE

Farsi Speaking interviewer

GDCC (Global Data Collection Company)

2024

- Conducted data collection interviews in Farsi

Artist Assistant

2024

Painting and Sculpture Studio of Sepand Danesh

- Assisted artist Sepand Danesh in the creation of wooden sculptures, demonstrating proficiency in carpentry and woodworking techniques.
- Collaborated closely with the artist to bring creative visions to life, contributing to the overall artistic process from concept to completion.
- Managed day-to-day studio tasks
- Developed strong problem-solving skills through troubleshooting technical issues and finding innovative solutions to artistic challenges.

Translator

2022

Freelance

- Farsi (Persian) to English (And vice versa) "Waiting for Mars" movie translation.
- Farsi (Persian) to English (And vice versa), lyrics of Toomaj Salehi, Iranian opposition rapper, for international media coverage

Classification and Archiving

2017

Institute of Archaeology, University of Tehran

- Classified and Archived Archaeological Magazines and Articles

Trainee in Archaeological Excavation

2016

University of Tehran

- Trainee in the excavation of Meshkin Tepe of Sagzabad (Qazvin Province), Under the supervision of Dr. Mostafa Dehpahlavan.

SKILLS

- Woodworking: Carpentry
- Digital Content Creation
- Software: Microsoft Office
- Translation: Professional-level Farsi-English translation
- Research: Archaeological fieldwork, philosophical analysis, theoretical development

QUALITIES

- Theoretical Framework Development: Original academic concept creation
- Cross-Cultural Synthesis: Bridging Persian and Western intellectual traditions
- Creative Problem-Solving: Innovative solutions across artistic and technical domains
- Interdisciplinary Research: Combining philosophy, archaeology, technology, and arts
- Brand Development: Complete visual identity and marketing creation
- Critical Thinking: Advanced analytical and philosophical reasoning
- Multilingual Communication: Professional fluency across three languages
- Adaptability: Successful navigation of diverse cultural and academic environments

EDUCATION

Computer Science Program

June 2024

École 42, Paris, France

- Completed an intensive 28-day coding bootcamp, mastering fundamental programming concepts and problem-solving skills.
- Engaged in self-directed learning and peer-to-peer collaboration, demonstrating strong initiative and teamwork abilities.
- Developed proficiency in C programming, algorithms, and data structures through hands-on projects and challenges.
- Adapted to a demanding and fast-paced environment, effectively managing time and resources to meet tight deadlines.
- Showcased resilience, dedication, and a passion for coding by successfully navigating and completing the rigorous piscine.

Master's Student in Philosophy

September 2021 - June 2025

Université Paris 8, Paris, France

- Thesis: "Aesthetic Language: The Interplay Between Language, Art, and the Sensible" (18/20)
- Specialization: Continental philosophy, aesthetics, and consciousness studies
- Research Focus: Developing original theoretical frameworks in aesthetic language theory
- Attended classes conducted in both English and French, demonstrating strong multilingual and academic capabilities
- Studied at one of Paris's top institutions for philosophy, known for its rigorous and innovative approach to philosophical education
- Average: 15.2

Advanced Archaeological Studies

2017 - 2020

University of Tehran, Tehran, Iran

- Specialized in interdisciplinary cultural transmission and ancient labor migration patterns
- Conducted independent research on Achaemenid-Greek intercultural relations
- Focused on innovative methodological approaches to archaeological interpretation
- Developed expertise in analyzing cultural exchange through material evidence
- Average: 16.6

Bachelor's in Archaeology

2013 - 2017

University of Tehran, Tehran, Iran

- Earned a degree in Archaeology, developing research, analytical, qualitative as well as quantitative and fieldwork skills.
- Average: 15.04

High School Diploma in Human Sciences and Literature

2010-2013

Shiraz, Iran

- Focused on human sciences and literature, fostering a strong foundation in humanities and languages.
- Average: 17.10

RESEARCH & CREATIVE PROJECTS

AWARDS AND HONORS

- 2021-2024 - Master's thesis awarded 18/20
- 2019-2020, Awarded full scholarship for "General French" and "French through archeological texts" class, French Institute of research in Iran.
- 2017, Admitted into university for M.A. by virtue of 8th ranking position.
- 2013, Admitted into university for Bac +4 by virtue of 741st ranking position

VOLUNTEER WORK

- 2015, Participation in classification of archeological artifacts, Organization of cultural Heritage, Tourism and Handicrafts of Fars.
- 2013, 2015 Executive staff for two sessions of the International Conference of Young Archaeologists, University of Tehran.

Aesthetic Engagement Protocols for Enhanced AI Interaction

2025

Independent Research

- Developed theoretical framework for sustained, meaningful human-AI dialogue through aesthetic engagement.
- Integrated insights from Wittgenstein, Dewey, Deleuze, and Merleau-Ponty into applied methodology.
- Conducted empirical testing across Claude, ChatGPT, Gemini, and other LLM platforms.
- Demonstrated enhanced contextual coherence, creative output, and collaborative meaning-making in AI responses.
- Contributes to philosophy of mind, language, and human-computer interaction design.

Yexen Jewelry Brand

2025

Founder & Creative Director

- Founded jewelry brand specializing in conceptual, poetry-inspired collections
- "Totems of Swirling Whispers" – poetry-driven adornment exploring myth, grief, and rebirth
- Designed brand identity, logo, and complete visual marketing materials
- Created promotional videos using AI-assisted tools and advanced editing techniques
- Integrated woodworking skills for future collection development

Application Development (in progress)

2025

Independent Projects

- Designed and deployed functional digital applications: Shadowline (content aggregation platform with thematic UX) and Mémoire en Livres (progressive web application for personal library management with offline capabilities).
- Developed aesthetic engagement protocols for AI interaction: Empirical research framework testing how different dialogue styles affect AI response quality and coherence across multiple language models (Claude, ChatGPT, Gemini).
- Created UX/UI design systems using AI-assisted development: Self-taught design approach combining conceptual framework development with collaborative human-AI implementation for frontend and backend architecture.
- Applied philosophical research to digital interface design: Translating theoretical work on aesthetic language into practical user experience principles for human-computer interaction.

Literary & Poetic Works

2024-2025

Independent Author

- Multi-volume narrative projects exploring trauma, identity, and cultural synthesis
- Poetry Collections: Original works addressing existential themes, cultural displacement, and spiritual transcendence
- Specializes in integrating Persian mythology with contemporary Western frameworks
- Demonstrates sophisticated character development and philosophical depth across multiple genres
- Currently preparing collections for publication (print and digital)
